FROM THE PRESIDENT

When eighteen members of the President's Club gathered recently for dinner at the College, I shared some thoughts with them that should soon be reality. I shall continue to keep you, our alumni, in the forefront of our College communications.

It is my pleasure to report that the New England Association of Colleges and Secondary Schools elected Bryant College to continued membership in The Association as a specialized institution for a period of five years. Regional membership is accepted as nationwide accreditation.

Elsewhere in this issue is an article about the 1974 Commencement. I know that many of you were here for the festivities, and I am pleased to have met sons and daughters of those who are now "alumni parents" (and grand-parents) of alumni! The regional recognition given to our commencement by the press and television was outstanding, more than we have ever had, a tribute to our graduates and honorary degree recipients.

Those who remember that Bryant had a student "Flying Club" in the late 1950's will be interested to know that we will probably offer two undergraduate courses in aviation next year. Successful completion of both

ground school and flight training will enable students to earn academic credits and qualify for a private pilots license.

On June 27 the Executive Committee of the Board of Trustees elected Lowell C. Smith Vice President for Academic Affairs. His appointment is effective August 1.

He was most recently Dean of the College of Business Administration at Loyola University in New Orleans. He has also served as Assistant to the Dean at the School of Government and Business Administration at The George Washington University in Washington, D.C.

Mr. Smith earned his Bachelor's degree at Kent State University, his

Master's degree at The George Washington University, and his Ph.D. at the University of Alabama. His professional fields include industrial relations, economics, finance, and public administration.

There are several other programs that should be in reportable form to you by the next issue of the alumni magazine. I wish you an enjoyable summer, and again extend an invitation to come and visit the campus whenever you can.

Harry F. Evarts

1974 Honorary Degree Recipients

Bishop John M. Burgess, Helene S. Markoff, President Harry F. Evarts, Frederick C. Tanner, and Irving R. Levine.

COMMENCEMENT

Four distinguished Americans were the recipients of Bryant's highest honors at the one hundred and eleventh commencement, May 18.

Irving R. Levine, National Broadcasting Company news correspondent, received the degree of Doctor of Letters. A native Rhode Islander, he was graduated Phi Beta Kappa from Brown University and received his master's degree from the Columbia Graduate School of Journalism.

His current assignment as Economic Affairs Correspondent in Washington, D.C., was preceded by being NBC News correspondent in Rome for eleven years, four years in Moscow, two years in Tokyo and a year in London. He is a regular feature of the "Today" and "NBC

Nightly News," and is a frequent panelist on "Meet The Press." He is also an author of several books, and a contributor to many publications.

Federal Products Company's Chairman of the Board, Frederick C. Tanner, was honored not only for his service as a Bryant College Trustee, but for his leadership and contributions to Rhode Island and New England industry. He received the Doctor of Science in Business Administration degree.

He is a member of the National Committee of the Chamber of Commerce of the United States and on the Industrial Advisory Committee of the Federal Reserve Bank of Boston, as well as an advisor to the Nuclear Energy Committee of the National Association of Manufacturers

and a director of the New England Electric System.

The Right Reverend John M. Burgess, D.D., Bishop of the Episcopal Diocese of Massachusetts was honored with the degree of Doctor of Science in Business Administration.

He has twice represented the Episcopal Church as a delegate to the World Council of Churches in India, and is on the General Board of the National Council of Churches and the Massachusetts Civil Liberties Union.

One of Bryant's alumnae, Helene S. Markoff, received the degree of Doctor of Science in Public Administration. A graduate with the Class of 1949, Helene is Director, Federal Women's Program, U.S. Civil Service Commission.

Left: The southwest lawn of the campus.

The commencement was held on the southwest lawn of the campus. Dr. Clarence H. Gifford, Jr., Chairman of the Board of Trustees, officially convened the proceedings. President Harry F. Evarts presided and awarded baccalaureate, associate, and master's degrees to 744 graduates.

Preceding the degree awarding ceremonies, the Alumni Association was host to the Seniors for a Supper on Friday evening. 482 Seniors and Alumni filled the Salmanson Dining Hall. Woonsocket Mayor John A. Cummings, Class of 1961, was the principal speaker. Gary G. Remley '58, President of the Alumni Association presided.

Dr. Helene Markoff received her degree from Bryant College in 1949. She completed additional study at the University of Rhode Island.

Her Federal career has spanned a 20-year period with the Department of the Navy in Rhode Island; Washington, D.C.; Spain and Morocco. Her experience, at both field installation and headquarters level, included position classification and wage administration, employee-management relations, personnel staffing, equal employment opportunity and special emphasis programs. Since May 1970 she has served as the Director of the Federal Women's Program, U.S. Civil Service Commission, where she has overall responsibility for providing guidance and direction to Federal agencies to enhance employment and advancement opportunities for women.

She received a Superior Accomplishment Award in 1965 for her work in conducting a

wage survey in Southern Spain. In 1970 she received the Navy Civilian Meritorious Award for her efforts in developing the Department of the Navy Equal Employment Opportunity Program. In 1971, she was nominated by the Civil Service Commission for the Federal Woman's Award.

Helene is a member of the Washington Forum; an Advisory Member of Washington Opportunities for Women (WOW); a member of the American Society of Public Administration; and also a member of the American Academy of Political and Social Science.

Making her first visit in years to her alma mater because of her varied duties, she expressed delight with the new campus, but was nostalgic about the old campus in Providence.

Happiness is friends and a new degree.

FALL OUTLOOK FOR BRYANT SPORTS

*An Interview With John Gillooly,
Sports Information Director*

There is no question that Bryant's varsity sports program is in for another outstanding season. Our 1973-74 basketball team won the Naismith Conference championship, and got as far as the second round of playoffs in the N.A.I.A. Bryant's hockey team had an 11-7 season. The bowling team won the N.A.I.A. championship and went off to the nationals in Kansas City, coming out second in the nation. The Bryant golfers won the N.A.I.A. District championship, and participated in the nationals in Aberdeen, S.C., and qualified for the N.C.A.A. nationals played in Tampa, Florida.

Soccer

Coach Gerald Guay has some excellent players returning and some good players that will be joining the team. Two of the boys were recruited as hockey players, but are also exceptionally skilled in soccer.

Kevin Homan, last year's top scorer will return, Jim Teixeira, captain of the team, John Feeley, our goalie, and several others will be back.

Hockey

Several new players have been recruited that should make this 1974-75 team really great. Phil Cerrone, who graduated in May, will be back as assistant hockey coach.

Some additions to the schedule will be University of New Haven, Framingham State and Fitchburg State, Elmira College, Rochester Tech, and the University of Connecticut. Some of these are a two-game series, home and home.

Bob Reall will be at the helm as hockey coach.

Basketball

Coach Tom Folliard's Indians should have another exciting season. We'll be playing Rhode Island College again, on a home and home basis. Look for some new boys to pick up the slack from Captain Rick Shanley and Bill Goudailler.

More about both hockey and basketball in the next issue of the magazine.

Swimming

The season promises to be a bright one. Twenty-eight incoming freshmen have had competitive swimming experience. Only five of this year's varsity team will not be returning, so the remaining veterans, tempered with new blood, should surprise our rivals. Our schedule will match us against strong teams like those of Brandeis, University of New Hampshire, Boston College, University of Rhode Island, and Southeastern Massachusetts University.

Cross Country

Cross country is really coming on. The boys did a good job last year. Coach Jim Gambardella will have everyone back. They won the Rhode Island College Division championship, were third in the N.A.I.A., and will have Dave Stone, who placed second in the N.A.I.A.s in New England last year. Steve Olson and Richard Collard will also return.

Golf

Coach Archie Boulet's team faces a toss-up situation. We'll play a somewhat different group of teams this fall than we faced this past spring. The big tournament will be the E.C.A.C. tournament, which we qualified for last year.

NEWS FROM THE CAMPUS

A PROFILE OF BRYANT ASSOCIATE DEGREE GRADUATES 1969-1973

Compiled by Marie B. Cote Chairman, Department of Secretarial and Office Education

During the 1973-1974 academic year the Department of Secretarial and Office Education undertook two projects aimed at evaluating and improving its programs — the formation of an Advisory Committee and the conducting of a follow-up study of its graduates from the 1969-1973 classes.

The following profile of the Bryant graduate emerged from the follow-up study results: (This data was compiled from 199 completed questionnaires, representing 53.9 percent of the graduates contacted.)

Salary schedule. 54 of the respondents (27.1%) were earning over \$140 per week, 86 (41.7%) were earning from \$111-\$130 per week.

Employment status. The majority of the respondents, 79.4%, were employed in the secretarial area.

Type of business where employed. A cross-section of businesses employ the Bryant graduate: chemical, construction, advertising, educational, electronics, engineering, governmental, grocery, loan and finance, real estate, publishing, radio, television, public utilities to name a few.

Job titles. Administrative assistant, executive secretary, legal secretary,

and medical secretary were the most frequently mentioned job titles. However, other interesting titles were given; for example, one respondent is a deputy town clerk.

Duties. The most frequently performed duties were:

1. Place, receive, route telephone calls.
2. File.
3. Read and sort mail.
4. Receive customers and meet public.
5. Make and keep records of appointments.
6. Requisition supplies.
7. Take dictation and transcribe.
8. Compose written communications.

Other duties performed on the job included: preparing photo slides; keeping personnel records on employees; conducting meetings; making commercials; interviewing, testing, and hiring employees; coordinating technical programs; conducting research; taking minutes at monthly meetings; conducting orientation sessions for new employees; and writing computer programs.

If you are a member of any of the classes covered in the survey and did not respond (perhaps never received the questionnaire), we'd like to hear from you!

HOW'S THAT AGAIN?

One of our "sharp-eyed" readers, and rightly so, has inquired about the "hind-side-foremost apostrophes" used in the last issue of the magazine.

This note is to assure our readers who caught this mistake that it is not a new fashion in punctuation. The typesetting equipment used to set the copy for the last issue has two available characters, one to represent an apostrophe (') and when used twice an end-quote (""), and one to repre-

sent the beginning of a quotation (') which must be used twice to represent the beginning, but when used singularly can represent a quote within a quote.

End quote.

COMMITTEE MEETS IN CAPT. JOSEPH MOWRY HOUSE

The final meeting of the Advisory Committee of the Department of Secretarial and Office Education was convened in the Captain Joseph Mowry House on Monday, April 29, and its colonial setting proved ideal for a supper and business meeting.

In the fall of 1973 the Department of Secretarial and Office Education, in an effort to update its educational objectives and to bridge the interests of the business community and the Department, established the Advisory Committee. The members representing the business community are:

Mrs. Eleanor Blanchette, legal secretary

Miss Anette M. Guillet, executive secretary

Mr. Harry Lancaster '50, Chris Lloyd Plastics

Mr. Rene Lejeune, Personnel Director, Tupperware

Miss Marcia Nelson, medical secretary

Mrs. Carolyn Rotondo, Citizens Bank, North Providence

Miss Irene Smith, State Department of Education

Mrs. Mary T. Young, Narragansett Capital Corporation

The major responsibility of this Committee is (a) to assist in an evaluation of departmental objectives, (b) to identify departmental needs, and (c) to develop plans of action that will result in improved programs of instruction within the Department.

Also attending the meeting were Mrs. Bianca Bernstein '62, Mrs. Karen Carley '68, Dr. Marie B. Cote '54, Department Chairman; Sister Mary Curtis, Dr. Frances Mahan, Mrs. Alice McLaughlin '41, Miss Loretta Lukowicz '52, Mr. Robert Meek, Mrs. Dorothy O'Connell '41, Miss Mary Jane Pelkey '62, and Mrs. Eileen Rafferty '67.

N. E. BUSINESS EDUCATORS ASSN. ANNUAL MEETING

E. Larry Tedeschi '60, president of the New England Business Educators Association, is heading up some hard working committees as they plan for their annual conference, to be held this year at Bryant. He is Chairman of the Business Education Department at North Smithfield Junior/Senior High School.

Other alumni who are officers of NEBEA are Daniel Duarte '60, second vice president, and Harry J. Cunha '52, past president.

The major purpose of the association is to provide business educators throughout New England with a means of communication in the sharing of ideas. Secondary, two-year private and community college, college and university faculty are eligible for membership.

\$1000 GRANT FROM PEAT, MARWICK, MITCHELL FOUNDATION

Bryant College is the recipient of a \$1000 grant from the Peat, Marwick, Mitchell Foundation to be used for Bryant's Talent Development Program.

The grant will be applied toward a program of tutorial assistance for 13 students currently enrolled in Bryant's Talent Development Program, which makes it possible for minority-group and academically-underprivileged young men and women to receive a "sound business education and the opportunity they would otherwise not have to enter the business world on its own terms."
